NPPF (Dec 2023) paras 105-106 provide policy and process on the designation of Local Green Spaces, stating that '*...Local Green Spaces should only be designated when a plan is prepared or updated...*' With this in mind, a local residents association, St Leonard's Neighbourhood Association, submitted a request to the Local Planning Authority, in early September 2024, for the designation of a Local Green Space. The land in question is part of the grounds within which County Hall is sited; EX2 4QD.

Exeter City Council refused to process the application. Reasons given included:

- That they couldn't process one application without carrying out a review of all prospective sites, (which has never been done).
- That the officers had insufficient time to process the application if they were to meet the deadline dates associated with putting forward the draft Plan in time to work with the 2023 NPPF

We believe that the failure to process the application was not legally compliant.

4 (c). Please set out the modification(s) you consider necessary to make this part of the Exeter Plan legally compliant, in respect of any legal compliance matters you have identified at 4(b) above. You will need to say why each modification will make this part of the Exeter Plan legally compliant. It will be helpful if you are able to put forward your suggested revised wording for the relevant policy or paragraph. Please be as precise as possible.
