

South West Exeter Masterplan Report June 2012 - Errata Sheet

17.09.12

Below is a list of minor errors that have been found in the South west Exeter Masterplan report June 2012 and their corrections.

Page 79

In the development schedule block reference a-33 has incorrect dwellings numbers for the middle and top density ranges, they read 13 and 14, and they should read 21 and 24 (see corrected extract below with corrected numbers highlighted in red).

Page 79

In the development schedule the overall dwellings totals for the middle and top density ranges are incorrect, they read 2812 and 3139, and they should read 2820 and 3149 (see corrected extract below with corrected numbers highlighted in red).

Block reference	Use	Area (ha)	Density Range (dph)	Average Density (dph)	Dwellings @ bottom of density range	Average Density (dph)	Dwellings @ middle of density range	Average Density (dph)	Dwellings @ top of density range	Phase
a-33	Residential	0.53	35-45	35	19	40	21	45	24	2
Totals		100.52		38	2492	43	2820	48	3149	

Corrected extracts from development schedule p.79.

Page 91

In the energy demand estimates tables 1 and 3 the dwellings total is incorrect, they read 2812, and they should read 2820.
