Policy H2

Proposed Policy H2 allocates land for new homes, listing these allocations under headings, strategic mixed use brownfield sites, large scale predominantly residential sites, major predominantly residential sites and minor residential sites. It notes that the principle of housing development on unallocated windfall sites in the urban area will be supported.

Our Client's Landholdings - Site 129, Newbery Car Breakers (Appendix 1)

The land at Newbery Car Breakers has been allocated as a minor residential site under policy H2 to assist in meeting Exeter's housing required and is welcomed.

However, detailed consultancy input completed on behalf of our Client and to support a planning application, concluded that in light of site constraints, development should be limited to 5-6 homes on land at 'Newbery Car Breakers' (Site 129), and that this figure is achievable, viable and deliverable. It should be noted that this site is subject to an extant permission for 3 dwellings, under application reference 03/0906/FUL.

The plan should be corrected to allocate Site 129 for 5-6 homes.

5 (c). Please set out the modification(s) you consider necessary to make this part of the Exeter Plan sound, in respect of any soundness matters you have identified at 5(b) above.

You will need to say why each modification will make this part of the Exeter Plan sound. It will be helpful if you are able to put forward your suggested revised wording for the relevant policy or paragraph. Please be as precise as possible.
