Policy H3

Policy H3 identifies Regeneration Opportunity Areas at Marsh Barton and North Gate and offers to support to development proposals for residential and a wider mix of uses that make more efficient use of brownfield land subject to criteria.

The EDNA (2023) notes that Exeter is the main office location in Greater Exeter, but that it has insufficient employment land to meet the forecast demand for both offices and industrial development between 2020-2040. The EDNA suggests demand for 21ha (middle range) of office land versus 4ha of supply and 50ha (middle range) of industrial land versus a supply of 7ha. In response, the Exeter Plan allocates only 3 sites for transformational employment uses amounting to 15.5ha and only two of the five strategic residential-led mixed use allocations include a requirement for new employment provision.

Whilst the omission of North Gate and high performing employment land at Marsh Barton as formal residential-led allocations is welcomed, their identification as regeneration opportunity areas still has the potential to result in a net loss of employment land in Exeter, further worsening the employment land supply shortage. The Exeter Plan does not meet the employment needs of Exeter as it fails to make available sufficient land for employment provision, particularly for industrial uses. Policy H3 will assist in compounding the employment land shortage.

ECC and EDDC (and arguably other administrative areas) are failing in their Duty to Cooperate. The Exeter Plan needs to address the shortfall in housing and employment land supply either by allocating additional deliverable land within its administrative boundary to meet Exeter's need or alternatively if this is not possible it must successfully engage in the Duty to Cooperate and formally make a request to EDDC (and other administrative area) to assist in meeting the housing and employment needs of Exeter.

Our Client's land is suitable and available to meet Exeter's (and East Devon's) needs broadly in line with the issues the subregion faces.

5 (c). Please set out the modification(s) you consider necessary to make this part of the Exeter Plan sound, in respect of any soundness matters you have identified at 5(b) above. You will need to say why each modification will make this part of the Exeter Plan sound. It will be helpful if you are able to put forward your suggested revised wording for the relevant policy or paragraph. Please be as precise as possible.

The Exeter Plan needs to address the shortfall in housing and employment land supply either by allocating additional deliverable land within its administrative boundary to meet Exeter's need or alternatively if this is not possible it must successfully engage in the Duty to Cooperate and formally make a request to EDDC (and other administrative area) to assist in meeting the housing and employment needs of Exeter. Consideration should be given to suitable greenfield sites where new homes can be delivered with more certainty.

Our Client's land is suitable and available to meet Exeter's (and East Devon's) needs broadly in line with the issues the subregion faces.

6. Do you consider that this part of the Exeter Plan complies with the Duty to Co-operate?

6 (b). If no, please give details of why you consider this part of the Exeter Plan fails to comply with the duty to co-operate. Please be as precise as possible.
(Continue on a separate sheet if necessary)

Exeter is more than 2,000 houses behind in the current plan period ([See Authority Monitoring Report 2023-2024 here](#)) and doesn't have a 5 year housing land supply ([See Committee Agenda for Planning Committee here](#)). Clearly, it doesn't have enough employment land (See EDNA). East Devon, its neighbour, has 2.97 years housing land supply ([See SPC Report here](#)) and a recent appeal ([See Appeal Decision here](#)) found that it had only 2Ha of employment land available. Advice from Inspectors following the EiP into Teignbridge DC's Plan means that TDC will have to reconsult on housing policies that provide for growth from Exeter (and Torbay).

The evidence shows a failure in the DTC.

Para. 7.6 of the Exeter Plan states that *'the partner authorities (the City Council, East Devon, Mid Devon and Teignbridge District Councils and Devon County Council) are committed to continuing to work together, in accordance with the duty to cooperate, to address any shortfall in employment land to ensure the continued economic success of the wider area'*.

However, EDDC propose to object to the Exeter Plan as set out in a report to the EDDC Strategic Planning Committee on the 4th February 2025 ([See EDDC Report SPC here](#)). The objection is on the basis that it fails to make available sufficient land for employment provision. EDDC Officer's recommended response

recognises that the Exeter Plan does not refer to the Exeter specific employment land requirement nor how the Exeter Plan has addressed this need. It notes that the Exeter Plan fails to state that it will meet an Exeter quantified need and that *'no request has been made under the duty to co-operate for East Devon District Council to assist in meeting the employment land need identified in the EDNA. The land identified in the emerging East Devon Local Plan 2020-2042 is considered to be necessary to meet the needs of East Devon and does not seek to address wider needs.'*

Whilst not explicit in the Exeter Plan, as suggested by EDDC, the Exeter Plan appears to rely on the collective land supply for employment across the sub-region, without formal request under the duty to co-operate. ECC (and arguably other authorities in the sub-region) are failing in their duty to cooperate and this must be addressed for the Exeter Plan to be found sound.

Further, ECC is not meeting its historic shortfall within its housing allocations and has not made a formal request to neighbouring authorities to assist in meeting this shortfall under the duty to cooperate. ECC (and arguably other authorities in the sub-region) are failing in their duty to cooperate and this must be addressed for the Exeter Plan to be found sound.

Our Client's land is suitable and available to meet Exeter's (and East Devon's) needs broadly in line with the issues the subregion faces.

Please note that non-compliance with the duty to co-operate is incapable of modification at examination.

7. If you would like to make representations on the Sustainability Appraisal (SA) please provide your comments here, stating to which part of the SA your comments relate.

Please note In your representation you should provide succinctly all the evidence and supporting information necessary to support your representation and your suggested modification(s). You should not assume that you will have a further opportunity to make submissions.

After this stage, further submissions may only be made if invited by the Inspector, based on the matters and issues he or she identifies for examination.

9. If your representation is seeking a modification to the plan, do you consider it necessary to participate in examination hearing session(s)?

No, I do not wish to participate in hearing session(s)

Yes, I wish to participate in hearing session(s)

Yes

Please note that while this will provide an initial indication of your wish to participate in hearing session(s), you may be asked at a later point to confirm your request to participate.

10. If you wish to participate in the hearing session(s), please outline why you consider this to be necessary:

(Continue on a separate sheet if necessary)

We would like to participate in the hearing sessions to elaborate further on the issues raised in these representations.

Please note the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate in hearing session(s). You may be asked to confirm your wish to participate when the Inspector has identified the matters and issues for examination.
