I support Policy NE1: Landscape setting (Strategic policy) - particularly in relation to the setting of Topsham and in relation to 'Land parcel number LP21', part of which is known locally as May's Field.

I am writing to express my serious concern regarding any proposed development in this area, in particular:

- Due to its location as and by a vital area for walking, cycling, running and other recreational use, which is in constant use by locals and visitors of all ages and abilities.
- Because the addition of further traffic to this area would jeopardise this recreational use and make it unsafe and unpleasant for pedestrians and cyclists.
- Because the location is adjacent to the nationally important RSPB reserve. Any development in this area would disrupt the natural ecosystems in place in this and surrounding areas.
- As the area is next to Topsham's historic district and any further modern development here would damage the historic character of this area.

I urge you to consider these factors and support policies that protect our community spaces and our natural environment. Thank you for your attention to this important matter.
