The provision of green space is important for the health and wellbeing of Exeters residents and visitors. The Plan comments on the need for additional open space in proportion to the scale of development. (15.30) but makes insufficient comment on the value of improved green space. The Devon Countryside Access Forum advises that ensuring high-quality green space through improving existing areas and making provision for the future maintenance of both new and improved open space should be strengthened in the Plan. Policy IF4 (Open Space, play areas, allotments and sport) should be amended to include improvement work. This would also reflect the statement in 10.11 that the Riverside and Ludwell Valley Park Masterplan sets out where both new areas of public recreational space could be created and where improvements to existing space can be made.

3.c. Please set out the modification(s) you consider necessary to make this part of the chapter sound, in respect of any soundness matters you have identified at 3.b above. You will need to say why each modification will make this part of the chapter sound. It will be helpful if you are able to put forward your suggested revised wording for the relevant policy or paragraph. Please be as precise as possible.

IF4: Open Space, play areas, allotments and sport.

The last paragraph on development proposals should be amended to include improvements.

Development proposals for improved and new open spaces, play areas, local green spaces, allotments, playing pitches and sports facilities will be supported where they are:

- a) created and designed to be inclusive and accessible to all, regardless of age, ability or background;**
- b) integrated into the local active trail network; and**
- c) designed to be safe and secure.**
