I am unclear whether there is a legal right to build on Exeter Quay which has been a public quay, with rights for boats to load and unload, be repaired and boat-building, for centuries.

Exeter Quay is recently designated a Historic Quay. It is one of the most important parts of Exeter's heritage and has been for many centuries. The retention of the character of the quay depends on its use by boat owners for business and recreation. There are currently historic boats being repaired on the quay which add to the history and character of the place, customary over centuries. The City Council does not seem to understand that this is a major asset for the City to be cherished and nurtured.

Policy SBA1 refers to inclusion of space for water related activities at Clapperbrook Hub at Bramham's Farm. As far as I know, this is not on Exeter Quay. In addition the policy does not refer specifically to boat repairs and boat building.

This policy is contrary to Policy HH1 which states that all development proposals will be supported only where they conserve enhance or reveal the historic environment, in this case the use of the quay for boat repairs and boat building as well as loading and unloading boats.

5 (c). Please set out the modification(s) you consider necessary to make this part of the Exeter Plan sound, in respect of any soundness matters you have identified at 5(b) above.

You will need to say why each modification will make this part of the Exeter Plan sound. It will be helpful if you are able to put forward your suggested revised wording for the relevant policy or paragraph. Please be as precise as possible.

The Plan should explain from where it derives the right to build on Exeter Quay and the extent of that right and why its use as a public quay for boat related activity is being reduced or ended.

Without prejudice to the above, this section of the Plan should refer specifically to how the future plan meets the needs of boat repairers, boat builders and the loading and unloading of boats at Exeter Quay (with land allocated for this purpose) whilst also contributing to the nature of the designated historic quay.
