

Next steps for the examination and close of hearings - Agenda

1. Action points from week 3 of hearings – any outstanding action points overall?
2. Process and timetable for drawing up the draft schedule of suggested Main Modifications (MMs).
 - MMs which are necessary, and for which the detailed wording has been agreed at the hearings.
 - MMs which are necessary, but for which the detailed wording remains to be drafted.
 - Issues on which the Inspectors need to go away and reflect before reaching a final view over whether a MM is necessary for soundness or legal compliance.
3. Confirmation of any other outstanding matters and how these will be dealt with.
4. Arrangements for site visits – would access be required for any of the sites?
Would there be any potential health and safety issues?
5. Close of hearings
