

Exeter City & Ward Grants 2024/25

Exeter Ward Grant

Community groups can apply for a maximum grant of £350, this is from an overall budget of £39,000. Each Ward has £3,000 to spend. A Ward Grant can support a community project, such as a community festival, theatre production or a craft group. Examples of costs that could be supported include equipment or resources, publicity, materials, and refreshments. Applicants for a Ward Grant will need to demonstrate that there is community support for your project.

Ward grants are for one-off purchases or events and cannot be used for on-going running costs such as wages, utility bills, rent or fees for facilitators or musicians on an ongoing basis etc.

You can apply for a ward grant for a project to cover one ward.

A series of tables are presented below, one for each ward, showing how grants have been spent in terms of which organisations and projects were supported, and how much funding was provided.

Spending in 2024/25

- Amount Available: £39,000.00
- Amount Awarded: £36,113.00
- Balance Remaining: £2,869.00
