The eastern boundary of the Red Cow redevelopment site excludes Cowley Bridge Road (different from Bonhay Road which is included) and the plan for this reason does not address the current highway congestion on this road and the Station Road railway crossing. Heavy commuters' traffic from the Crediton and Tiverton directions and traffic queuing for the level crossing towards Exwick create a heavy congestion zone which needs to be addressed by any redevelopment in the area.

ECS would like to ask for clarification: In Dii) 'routes along the River Exe' do these mean along the riverside or on the highways either side of the Exe?

5 (c). Please set out the modification(s) you consider necessary to make this part of the Exeter Plan sound, in respect of any soundness matters you have identified at 5(b) above.

ECS has additional material to present for the issues which need to be resolved for the transport infrastructure to realistically go ahead with a low-car development and improvement of public transport in this key area.

Please note the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate in hearing session(s). You may be asked to confirm your wish to participate when the Inspector has identified the matters and issues for examination.
