The policy and chapter need to clarify that it refers to 'Public Open Space', not open space in general.

ECS questions the logic of the arrangements of points a) to e). The case for 'sufficient alternative or improved provision' to be 'made in a suitable location' is only valid in the first two cases.

In the 2<sup>nd</sup> paragraph, the requirement to the provision or contributions to the named facilities seems to be too far reaching, if it states this for 'Residential development proposals'. We suggest to restrict it to 'All major residential development proposals'.

The list in the last paragraph needs an addition, as too often facilities like the ones listed here have been built and after some time have been neglected or have gone out of use completely because of a lack of long-term management, maintenance and funding agreement.

5 (c). Please set out the modification(s) you consider necessary to make this part of the Exeter Plan sound, in respect of any soundness matters you have identified at 5(b) above.

You will need to say why each modification will make this part of the Exeter Plan sound. It will be helpful if you are able to put forward your suggested revised wording for the relevant policy or paragraph. Please be as precise as possible.

Substitute 'Open space' by 'Public open space; in the policy and on pp. 129 and 130.

ECS asks for the restructuring of the argument:

a.) or

b.)

And e.) or

c.) or

d.)

Add the wording in paragraph 2: 'All major residential development proposals'.

Add to the list in the final paragraph: 'd. Supported by a proven long-term management and funding agreement to contribute to the ongoing management and maintenance.'
